

STATEMENT OF QUALIFICATIONS

Robert A. Hallisey
Forensics Unlimited Investigations

EXPERIENCE:

1971 – 1977

City-County-ABC Bureau of Identification Crime Scene Investigator: During this period of time I was assigned to conduct examinations of crime scene and testify in court as to my findings. I also processed my own photographs of scenes and blowups for court presentations. Keeping evidence in a controlled area until sent to the SBI Lab or for court presentation. During my time with the Bureau, I also had to testify in court for any latent cases that I processed and identifications were made. On top of my duties as a Crime Scene Investigator, assisted the ABC Investigators in raids and also conducting undercover buys for narcotics.

1977 – 1983

Raleigh/Wake City/County Bureau of Identification Crime Scene Investigator: During this period of time I was assigned to conduct examinations of crime scene and testify in court as to my findings for thirteen different Agencies. Each Agent was responsible for photographing there latent print blowups for court presentations. During my time with the Bureau, I also had to testify in court for any latent cases that I processed and identifications were made. Each Agent was responsible for their evidence until either it went to the Lab or was stored at another Agency. During my time with the Bureau, I became an instructor though the North Carolina Justice Academy and became an instructor for BLET at Wilson Technical College. I also taught Interview and Interrogation for two years.

1983 – 1995

Wake County Sheriff's Deputy- Retired

Worked with the Warrant Division and conducting high risk arrests. I have assisted State and Federal Agencies with arrest warrants. I was assigned to ATF Task Force for three months to make an arrest.

1995 – Present

Private investigator

During my period as the lead investigator, I have conducted hundreds of interviews and interrogations for Criminal Defense Attorney's. I conduct crime scene recreations for the defense

and have acted as a consultant for two Police Departments. I have testified in the court system as an expert for matters in forensics.

TRAINING:

I received fingerprint science training under the tutelage of William Joyner of the City-County-ABC Bureau of Identification, while during my employment in Fayetteville, North Carolina. This training was through the Institute of Applied Science 1971-1974.
