Table of Contents

01 - Foreword

02 - Authority and Accountability

- I. Purpose
- II. Scope
- III. Accident/Incident Reporting
- IV. Safety and Chemical Hygiene Responsibilities
- V. Record Keeping

03 - Chemical Hygiene Plan

- I. Purpose
- II. Chemical Spills, Releases and Accidents
- III. Emergency Treatment Procedures
- IV. Criteria for Implementation of Control Measures
- V. Engineering Controls
- VI. Employee Information and Training
- VII. Medical Consultations and Examinations
- VIII. Handling Potentially Hazardous Evidence in Courts of Law

04 - Biohazardous Material Handling Practices

- I. Purpose
- II. Packaging and Disposal of Biological Materials
- III. Housekeeping
- IV. Hood Use
- V. Exposure to Biohazardous Material
- VI. Handling of Biological Evidence in Courts of Law

05 - General Safety Practices

- I. Purpose
- II. Compressed Gas
- III. General Purpose Laboratory Equipment
- IV. Firearms and Toolmarks Section

06 - Respiratory Protection Program

- I. Purpose
- II. Respirator Selection
- III. Medical Evaluation of Respirator Users
- IV. Respirator Fit Testing
- V. Training
- VI. Use of Respirators
- VII. Maintenance and Care of Respirators

07 - Appendices

- I. Chemistry Section Inspection (4100)
- II. Latent Print Section Inspection (4110)
- III. Firearms and Tool Mark Section Inspection (4120)
- IV. Biology Section Inspection (4200)

Table of Contents

- V. General Crime Laboratory Division Inspection (4230)
- VI.
- Crime Laboratory Division Floor Plan OSHA Respirator Medical Evaluation Questionnaire VII.
- VIII. Qualitative Fit Test Procedures
- IX. Fire Safety SOP

08 - Revision History
