CAREER

OBJECTIVE: To determine the truth from observations, investigation and scientifically examined evidence.

QUALIFICATIONS: 50 years total experience, 30 years of investigative experience with the Raleigh Police Department, Wake County Sheriff's Office, and CCBI (City County Bureau of Identification) Retired in 1999 as Field Supervisor for CCBI. Performed forensics crime scene analysis and investigations for federal, state, county and city law enforcement agencies. Served as Major Crimes Investigator for CCBI and was a founding member of the "Major Crimes Task Force" for the Raleigh Police Department. Supervised CCBI agents assigned to major crime scene investigations. Attended 29 universities, colleges and schools to include the FBI Academy totaling 2,153 hours of specialized training in the field of forensic and criminal investigations. Held North Carolina teachers' certificate in the field of criminal investigations, taught specialized courses at 13 colleges and law enforcement academies in different fields of criminal investigations.

Hold expert certificate from the International Association of Identification and expert certificate from the North Carolina Forensics Association. Taught courses for over ten years for Wake Technical College as a part-time instructor in the adult education department. Instructed over 1,000 law enforcement detectives, patrolman, fireman, EMT's and supervisors in specialized criminal investigative courses to include BLET. Qualified as an expert witness in Federal and North Carolina Courts in specific areas of forensic investigation, to include, blood spatter analysis, latent print collection and identification, crime scene photography imaging, crime scene analysis, trace evidence collection and projectile trajectory examination. Past nineteen years president of "WEH Forensics", a private consulting firm specializing in death and homicide investigations working for Indigent Defense Services of North Carolina, Capital Defenders Office of North Carolina, Ohio Innocence Project, private investigators and attorneys.

Crime Scene Photography and Video

Emergency Crime Scene Responder

Death Investigation

FAVORITE QUOTE:

Wherever he steps,
Whatever he touches, Whatever he leaves,
Even Unconsciously,
Will serve as silent witness against him.
Not only his Fingerprints or his Footprints,
But his hair, the fibers from his Clothes,
The Glass he brakes, the Tool Marks he leaves,
The Paint he Scratches, the
Blood or Semen he deposits or collects-
All of these and more Bear
Mute witness against him.
This is evidence that does not forget.
It is not confused by the
Excitement of the moment. It
is not absent because Human
Witnesses are.
It cannot Perjure itself; It
cannot be wholly absent.
Only its interpretation can error.
Only Human failure to find it,
Study it and understand it
Can diminish its value.

Lecard's Exchange Principle

Dr. Edmond Lecard (1877 - 1966)

Expressed by Professor Paul L. Kirk
1902-1970

Univ. of Calif, Barkley
