Jane Rosenthal, MD, Director

Professional

Current Position

Attending Psychiatrist

Carolinas HealthCare System
Adult Integrated Care Outpatient Clinic
Behavioral Health Charlotte
Atrium Health
501 Billingsley Road
Charlotte, NC 28211

July 10, 2017 – present

This is a community setting where I treat adults with severe and persistent mental illness.

Adjunct Associate Professor

Department of Psychiatry
School of Medicine
The University Of North Carolina at Chapel Hill

February 1, 2019 – present

I created and implemented the rotations and provide the supervision for the PGY2's and PGY'3s in the outpatient clinic for adults with severe and persistent mental illness. I also lecture to the medical students rotating on site.

Previous Positions

Clinical Instructor

Department of Psychiatry
New York University School of Medicine
Residency Director: Carol Bernstein, MD
Associate Residency Director: Rebecca Lewis, MD
New York, New York

July 1, 2011 – June 2017

I coordinated the didactics on forensic psychiatry for the general psychiatry residents, supervised resident outpatient work and taught a course on supportive psychotherapy to the general residents. I also taught and worked with residents and medical students rotating at Rikers Island during my time there.

Supervising Psychiatrist

Correctional Health Services
Rikers Island
Health and Hospitals Plus
Executive Director of Mental Health: Elizabeth Ford, MD
Medical Director and Supervisor: Shane Konrad, MD
New York City
March 7, 2016 to June 9, 2017

I oversaw the development of a service for a particular sub-group of patients on Rikers Island, the New York City jail. This sub-group are those who have been found repeatedly not competent to proceed with their criminal case. The goals of the service are to help maintain restoration of competency when possible, by providing excellent clinical care, and to identify the obstacles to maintaining restoration in those who are eventually again found incompetent.

Instructor

Behavioral Health-Criminal Justice Certificate Program
Academy for Justice-Informed Practices
Center for Community Urban Services
New York, New York
August 2014- May 2016

I provided training on violence risk assessment and management to community providers of all different levels and types of agencies.

Attending Psychiatrist

Bellevue Hospital Forensic Psychiatry Clinic
Manhattan Criminal Court
Medical Director and Supervisor: Steven Ciric, MD
100 Centre Street
New York, New York 10013
July 2014 – March 2016

I primarily performed competency exams for the criminal courts as well as other kinds of psychiatric evaluations ordered by the court.

Private General Psychiatry Practice

303 Fifth Avenue, Suite 1301
New York, New York 10016
April 1 2013 – July 2016

I did both medication management and psychotherapy with patients of a variety of cultural backgrounds, ages and psychopathology. I also did a small number of private forensic evaluations, both criminal and civil.

Consulting Psychiatrist

EAC, Inc.
Brooklyn and Staten Island TASC and LINK Programs
Medical Director and Supervisor: Merrill Rotter, MD
15 Remsen St.
Brooklyn, NY
July 2014 – March 2016

I primarily did assessments to see if a given client was suitable for judicial diversion within the criminal justice system. These assessments typically focus on diagnostic clarification and/or qualification of risk and risk management.

Attending Psychiatrist

19 North, Bellevue Hospital Prison Ward
Division of Forensic Psychiatry
Bellevue Hospital Center
New York, New York
July 1, 2011 – June 30, 2014

19 North is a general psychiatry unit at Bellevue Hospital that treats patients who are currently in Department of Correction custody and require acute inpatient psychiatric admission, usually because they meet criteria for involuntary admission and often require treatment over objection.

**Psychiatrist, part-time
World Trade Center Health Program**

Bellevue Hospital
July 2010 - December 2011

I worked in the First Responders Clinic which was a grant-funded program providing mental health services to people who were first responders to the World Trade Center on September 11, 2001.

License, Board Certification and Professional Society Membership

License to Practice Medicine and Surgery, State of North Carolina
Board Certified in General Psychiatry
Board Certified in Forensic Psychiatry
Member of the American Psychiatric Association
Member of the American Academy of Psychiatry and the Law

Honors and Awards

Chief Resident

NYU/Bellevue Hospital Center
General Psychiatry Residency Program
2009-2010

Award for Excellence in Medical Student Teaching

Presented by Residency Office and Director of Medical Education in Psychiatry November 3, 2008

Research/Publications:

Gray, SM et al (2014). Jail Hospitalization of Prearrestment Patient Arrestees with Mental Illness. *Journal of the American Academy of Psychiatry and the Law*, 42:1:75-80.

An article based on an original research project done during my time in the Forensic Fellowship that looked at time to arraignment for police cases admitted to the inpatient forensic service which showed that men in police custody admitted to the forensic inpatient units wait an average of 7 days to be arraigned. Elizabeth Ford, MD, Christopher Racine, MD and Christopher Smith, PhD were all involved in various phases of this project.

Educational Activities

Current Teaching Activities through Atrium Health, Charlotte, NC

- Didactic teaching for MS3 medical students currently on clinical rotation
- Direct supervision of PGY1's, PGY2's and PGY3's in both the inpatient and outpatient setting
- Designed and implemented the PGY3 outpatient experience at the clinic for patients with severe and persistent mental illness

Previous Teaching Activities through NYU School of Medicine

- Organized all didactics on forensic psychiatry for general psychiatry residents
- Didactic teaching for general residents on both forensic psychiatry and psychotherapy
- Didactic teaching for forensic psychiatry fellows
- Supervision of forensic psychiatry fellows at the Manhattan Court Clinic
- Supervision of outpatient practice of senior general psychiatry residents
- Supervision of correctional psychiatry practice of PGY4 general psychiatry residents rotating at the jail
- Supervision of medical students during their MS3 inpatient psychiatry rotation

Community Teaching

Provided training on violence risk assessment and management to community providers of all different levels, from case managers and psychiatric technicians to board-certified psychiatrist, and types of agencies, including housing agencies, state hospitals, legal aid, community clinics, NYC Department of Corrections etc., through the Academy for Justice-Informed Practices at Center for Community Urban Services in New York, New York.
