

Reverse SAFIS Hit Memo

Upon a routine reverse search of the State Automated Fingerprint Identification System (SAFIS), a possible "hit" occurred between the fingerprint card bearing the incident # (fill in) and the identifiable latent fingerprint(s)/palmprint(s) previously noted in laboratory case # (fill in) (dated MM/DD/YYYY). The investigator's contact information is as follows:

Agency:

Name:

Telephone:

Email:

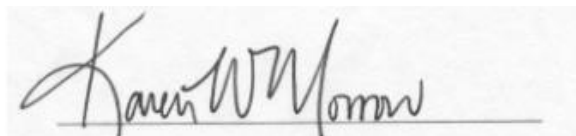

Agency Case #:

SBI File #:

THIS INFORMATION IS TO BE USED ONLY AS AN INVESTIGATIVE LEAD AS THIS POSSIBLE ASSOCIATION HAS NOT BEEN CONFIRMED OR VERIFIED. For a conclusive comparison between this individual and the identifiable latent fingerprint(s)/palmprint(s), please resubmit laboratory Item number(s) 1 (2, 3...) for examination.

Records indicate that additional identifiable latent fingerprints in Agency Case number ##### remain unidentified. To request a comparison with the above mentioned fingerprint card, please resubmit any Item containing the unidentified latent prints.

Approved for use:

A handwritten signature in black ink, appearing to read "Karen W. Moran", is written over a horizontal line.
