Introduction

Purpose

This Quality Manual contains the requirements the laboratory utilizes to demonstrate the quality management system, technical competence, and validity of results.

In addition, this Quality Manual outlines how we meet:

- ISO 17025: 2017 & AR 3125

All personnel take an active role in establishing, implementing, and maintaining the quality management program. Quality is integrated into every facet of the decision-making process in the management of the laboratory, and the work we produce.
