HONORS AND AWARDS

NATIONAL AND INTERNATIONAL

2020-present Forté Foundation Fellowship

- Participating MBA Programs select individuals from admitted students to serve as Forté Fellows. I was selected for Duke University Fuqua School of Business' Global Executive MBA class of 2022.
- Criteria for selection include exhibiting "exemplary leadership," a demonstrated commitment to the advancement of women and girls, and academic excellence. Considered a merit-based award.

2019-present Sigma Xi

- Sigma Xi is the scientific research honor society. Membership is by invitation only in recognition of distinguished research science and engineering accomplishments and careers of merit.

2019 500 Women Scientists

- 500 Women Scientists recognizes female leaders in science and seeks to use the language of science to bridge divides and enhance global diplomacy. "With a commitment to speak up for science and for women, minorities, immigrants, people with disabilities, and LGBTQIA, 500 Women Scientists is the foremost organization for the transformation of leadership, diversity, and public engagement in science."

2018 University of Georgia's 40 Under 40 Alumni Award

- The University of Georgia Alumni Association's "40 Under 40" recognizes and "honors exceptional" and "outstanding young alumni who are leaders in their industries and communities," and have made a "significant impact in their professional and philanthropic endeavors." Applicants must also show exceptional character and uphold the "Pillars of the Arch- wisdom, justice, and moderation."
- Peer nominated process with over 550 applications received for the 2018 cycle. (Approximately 6% acceptance)

2016 Highly Cited Researcher Distinction

- Identifies scientists whose research has had significant global impact within their respective fields of study and whose "work has been identified as being among the most valuable and significant in the field. Very few researchers earn this distinction – writing the greatest number of reports,

officially designated by Essential Science Indicators as Highly Cited Papers. In addition, these reports rank among the top 1 percent most cited works for their subject field and year of publication, earning them the mark of exceptional impact.”

- 2016 American Psychiatric Association’s Research Colloquium Junior Investigator Award
- Highly competitive award providing a select number of junior investigators the opportunity to attend an immersive research experience at the American Psychiatric Association’s Annual Meeting.
- 2016 Rappeport Fellowship Nominee, American Academy of Psychiatry and the Law

- 2015 American Academy of Geriatric Psychiatry Honors Scholar Award
- Awarded to the “most highly qualified applicants” based on academic work related to geriatric psychiatry.
- 2015 Geriatric Mental Health Foundation Scholar
- Awarded to individuals who have upheld the mission to “raise awareness of psychiatric and mental health disorders affecting the elderly, eliminate the stigma of mental illness and treatment, promote healthy aging strategies, and increase access to quality mental health care for the elderly.”
- 2015 American Academy of Addiction Psychiatry Travel Award
- Awarded to young psychiatry residents who “have demonstrated leadership potential” and a genuine interest in Addiction Psychiatry.
 - Awardees receive expenses to cover attendance at the annual meeting for the American Academy of Addiction Psychiatry.
- 2012-present Alpha Omega Alpha (AOA)
- Election is reserved to students in the “top quartile” of their medical school who “have demonstrated high academic performance, as well as leadership among their peers, professionalism and a firm sense of ethics, promise of future success in medicine, and a commitment to service in the school and community.” Due to these rigid standards, not all of the highest ranked students by grade point average are elected to the society.
 - Election is “an honor signifying a lasting commitment to professionalism, leadership, scholarship, research, and community service. A lifelong honor, membership in the society confers recognition for a physician's dedication to the profession and art of healing.”

- 2011 Philanthropic Educational Opportunities Jane B. Smith Endowed Scholar Award
- P.E.O. provides merit-based awards for women of the United States and Canada who are either pursuing a doctoral level degree or are engaged in postdoctoral research at an accredited college, university, or institution.
 - Jane B. Smith Endowed Scholar fund was established in 1995 in honor for her many years of service to the P.E.O. Sisterhood. Jane served as President of International Chapter during the 1999-2001 biennium.
- 2009 American Academy for the Advancement of Sciences Excellence in Science Award
- Award program designed to recognize the scientific achievements of young investigators, as well as enhancing their educational experience and laboratory performance. Individuals must be nominated by their schools and acceptance is based on merit and contribution to science.
- 2006-present Phi Beta Kappa
- The Nation's most prestigious academic honor society. Only 10% of US colleges have Pi Beta Kappa chapters and within these, only 10% of graduates are invited to join. Invitation is based on a highly selective, merit-based process and represents America's "best and brightest."
- 2003-present Golden Key International Honour Society
- The World's largest collegiate honor society, invitation is extended only to the top 15% of all university sophomores, juniors, or seniors, as well as top performing graduate students. Additional requirements include a commitment to a continued high scholastic achievement, leadership, service to others, and an ethos of integrity and respect.
- 2003-present Alpha Epsilon Delta Premedical Honor Society
- The Nation's health preprofessional honor society recognizes excellence in preprofessional health scholarship. Invitation is based on scholastic achievement overall with specific requirements for maintenance of a 3.20 GPA or greater in scientific courses.
- 2003-present National Collegiate Honor Society
- Invitation is based on academic excellence (GPA >3.4 and class rank in the top 20 percent of class) after one or two years of full-term enrollment.
- 2003-present Delta Epsilon Iota Honor Society
- Invitation is based on academic excellence (GPA >3.5) after completion of a minimum of 30 semester hours at an accredited University.
- 2003-present Phi Eta Sigma Honor Society
- The Nation's oldest honor society for first year university students. Invitation is based on academic excellence (GPA >3.5 and class rank in the upper 20 percent of class) while taking a full academic load.

- 2002-2006 National Dean's List
- The "largest, most prestigious publication in the country recognizing gifted students" based on GPA. Nominees are selected by their deans, comparable faculty, or other educational organizations.
